

My Dear Friends and Supporters,

I came to India with a burden to build discipleship relationships with those that the Lord brought into my life, both those who believe in Jesus and who are yet to believe in Jesus. As I think about what the Lord has been doing to answer that burden I am encouraged.

One of the people the Lord has given me a relationship with is my neighbor, his name is Sandeep. He is a Catholic, but as I have talked with him, I do not really think he is a believer. About a month ago I tried to start a Bible Study with him, but he did not really show much interest and did not really want to do the study. For now I am continuing to build a relationship with him, pray for him, and wait for the Lord to provide discipleship opportunities. Sandeep speaks very good Tamil, so I am able to practice with him and his family. I am learning Tamil slowly but surely. Please continue to pray for me in this endeavor.

Another opportunity that the Lord has opened up is with a man named Tilu. He is a believer and works in an international corporation. He is a part of Radiance, (a network of house churches) and has started a house church in an area where there are many call centers. Grace and I go on Saturday mornings to this meeting to support him, pray for him, and help him in any way that we can.

I also attended a house church on Sunday, and occasionally lead in our time in the Word. Currently we are studying about Jesus' incredible prayer in John 17. In which Jesus prays that we would have Christ in us, and love one another with the same love and have the same unity that the Father has with the Son. And he prays this because when that happens then the world will know that the Father has sent Jesus, and that Jesus is real. I am really enjoying building relationships with these people, praying for them, and encouraging them with the truth.

Please be praying that these discipleship relationships and opportunities would bear fruit for the Kingdom of God, and that those who don't know the surpassing value of Jesus would come to know Him through us, as we grow together in Him.

Grace and I are doing able to spend some counseling, and the prepare us for looking forward to of August. Please be will be providing to pay for the home. Also please be would be speaking to that He has for us

well. We have been time in premarital Lord is being faithful to marriage. We are our wedding on the 15th praying that the Lord everything that we need wedding, and set up our praying that the Lord us about the ministry together.

Thank you so much for your prayers, support, and encouragement. I appreciate you all so much. May the Lord bless your lives, your families, and your ministries, with a knowledge of His incomprehensible love, and the wisdom and discernment to know how to give it to others.
